OUR NORTH DAVIDSON MILL TOWN

As the 1800s came to a close and a new century came about, North Carolina became the home of dozens of textile mills. As was often the case, mill owners would build homes for their operatives surrounding those textile facilities. The result: a sprouting up of a little town. Welcome to the former mill town of North Charlotte - now known as NoDa.

LOOK AROUND

There's cool stuff all around you.

Our soap stone bar top came from a quarry in Virginia. We have selvedge denim on our interior seating that was produced in Cone Mills, North Carolina. Our table tops were hand crafted right here in Charlotte, and some of the wood came from the rafters of our building. The bar taps are reused spindles from a former mill, and our copper lights are hand-spun and designed and assembled right here in Charlotte.

We're lucky to have two sculptures and an in-laid tile piece all created by Paul Sires - who we call "the godfather of NoDa". Paul and his wife, artist Ruth Ava Lyons, helped this community transition from the closing of mills to the hip, artistic center it has become.
